

# Insurance

How a global, rapidly growing Asian insurer is complying with IFRS 17 & IFRS 9 while enabling more efficient finance operations.

A rapidly growing Asian insurer needed to comply with IFRS 17 and IFRS 9 using a solution that their finance and actuarial teams could understand and own. The solution also had to support their finance transformation efforts by delivering a group subledger and supporting an upgraded general ledger and a new actuarial system.

**“We believe our chosen approach will reinforce our position as a leading pan-Asian insurer.”**

- Group Finance Director
